SPOUSE'S APPROVAL OF RETIREMENT OPTION SELECTED

Internal Revenue Code Section 417(a)(2)(A) requires that qualified retirement plans provide a qualified joint and survivor annuity. This means that a married member must choose a retirement option that provides a benefit for the spouse that is at least fifty percent (50%) of the benefit payable to the retiree. Options 2, 2a, 3, and 3a meet this qualification provided the spouse is the named beneficiary. The member may choose the Maximum plan or Option 1 or name another individual as beneficiary, if the spouse agrees with the choice and signs the following affidavit in the presence of a notary public.

The retiree must notify the system of the death of the beneficiary and furnish a copy of the death certificate. The change in benefits will be effective on the first day of the next month following the month in which the system was notified.
